ABOUT ME

As a motivated and energetic front-end web developer, I excel at turning concepts into visually appealing and user-friendly interfaces. I'm adept at leading teams through high-stress situations consistently keeping projects on track to meet deadlines and budgets. I value teamwork and have a strong focus on delivering outstanding quality and service.

PROJECTS

Restaurant-site clone

[restorent-site-gold.vercel.app](#)

- **Tech Stack:** HTML, CSS, JavaScript, Swiper Slider
- **Project Highlights:** Developed a responsive web application with sections for Home, Menu, Order, Reviews, and Add to Cart. Implemented an auto-slide feature for seamless user experience.

Portfolio-site clone

[shivaniportfolio-site.vercel.app](#)

- **Tech Stack:** HTML, CSS, JavaScript
- **Project Highlights:** Focused on creating an attractive and user-friendly interface with engaging components and a dynamic sidebar.

News site

[news-app-five-roan.vercel.app](#)

- **Tech Stack:** HTML, CSS, JavaScript
- **Project Highlights:** Implemented dynamic API fetching from a news site server, ensuring content is updated in real-time based on user preferences.

Infinite Scroll Gallery

[infinite-scroll-app-rho.vercel.app](#)

- **Tech Stack:** HTML, CSS, JavaScript
- **Project Highlights:** Developed a feature to dynamically fetch images from the server using an API, ensuring real-time content updates.
